CHARLES F. RAND, Treasurer
FREDERICK F. SHARPLESS, Secretary
PERCY E. BARBOUR, Asst. Secretary
Cable Address, AIME, N.Y.

June 29, 1922.

Mr. Edward T. Newell, President,
The American Numismatic Society,
Broadway and 155th St., New York.

Dear Sir:

At a meeting of the Board of Directors of the American Institute of Mining and Metallurgical Engineers, held on November 16, 1921, authorization was given to have prepared for presentation to the Metropolitan Museum of Art, a replica of the Robert W. Hunt Medal. A copy of this medal has now been made in silver, and on behalf of the Board of Directors, I now have the honor of placing it in your hands.

The rules for the presentation of this medal are enclosed herewith. This medal has been presented once, and on that occasion to Captain Robert W. Hunt himself.

I am, Dear Sir,

Yours very truly,

F. F. Sharpless

Secretary.

Rules of Award
The Robert W. Hunt Medal
of the
American Institute of Mining
and Metallurgical Engineers

1. The award shall consist of two prizes; first of a gold medal, second of a sum of money; a certificate to accompany each prize. The money prize shall not be awarded to a member over 40 years of age, but under unusual circumstances, both prizes may be allotted to one person provided that he is not over 40 years of age. In general it will be understood that the Committee shall award the money prize to the younger men, rather than the medal.
2. The awards be made not oftener than once a year to that person or persons contributing to the Institute the best original paper or papers on iron and steel. The scope of the term "iron and steel" shall be determined by the sub-committee considering the awards. In general, papers dealing with the practical side of the subject have preference over those dealing with the theoretical side in recognition of the fact that Captain Hunt's main contributions to the industry have been in the improvement of production and quality of material.
3. A sub-committee of three to five, including the Chairman of the Iron and Steel Committee, be appointed by the Iron and Steel Committee annually to adjudge the award subject to approval.
4. The awarding committee submit its report to the Iron and Steel Committee at its October Meeting, and the award be certified to the Secretary of the Institute in time to permit the presentation to be made at the Annual Meeting of the Institute.
5. The recipient of the award shall be designated "The Hunt Medallist."
